Western University Graduate Student Innovation Scholars (GSIS)

The Graduate Student Innovation Scholars (GSIS) program promotes and endorses skill development for graduate students across all disciplines, creation and development of new ideas, personal entrepreneurship, continued career growth, as well as work ethic and business accomplishments. The GSIS program will equip graduate students with improved access to, and opportunity to prepare for, a variety of post-graduate careers, including the broad range of careers beyond academia.

The Objective –

- 1) Be introduced to intellectual property and have a basic understanding of the different forms
- 2) Have an appreciation of the various online free patent searching databases and the keys to successful patent searching
- 3) Know what the intellectual property policy at the institution is and the six step commercialization process followed by WORLDDiscoveries
- 4) Be exposed to how technologies are assessed for commercial potential and how to determine patent novelty
- 5) In teams work on preparing non-confidential technology summaries, market research, patent searching etc.
- 6) Gain an understanding of how investors evaluate technology companies
- 7) Learn and practice an entrepreneur elevator pitch for potential investors
